textit Messaging - general communications with SMS.

Textit SMS Business Solutions supply SMS products that incorporate reliability, convenience and accountability - and are easy to use. Keep your team up to date. Remind debtors. Make appointments. Pass on instructions. Schedule meetings. Issue inspection notification. Keep the entire team in the loop. Schedule maintenance. Notify new listings and products. In an **emergency** you can contact everyone at once - instantly. Textit runs from a secure web page - with incoming and outgoing messages clearly displayed on the one panel / screen. No downloads. No installations.

Every textit message is tracked to the handset - you will know who received your message, and when.

No more leaving voicemail. Inform in writing and know exactly when your message is received with textit.

We understand the importance of **confidentiality**. Our **flawless reputation** is vital to our continued success.

How does it work?

We give you the right tools for the job. Login to a secure web page to send and receive text messages. No downloads. No installations. No side effects.

All you need is textit and an internet connection:

- ▶ Send to one or hundreds of recipients at once - instantly.
- ▶ One-click to dynamically personalise all messages.
- ▶ Every message tracked to the recipient's handset.
- ▶ Replies come into the web console (no clicking around to view replies).
- ▶ Save and use message templates - one click to personalise.
- ▶ Upload contacts in a spreadsheet and use up to 4 fields of personalisation.
- ▶ One-click to forward all inbound messages to your handset.
- ▶ Multiple concurrent users OK: add new users / create profiles any time.
- ▶ Comment field for every contact (see on hover, up to 150 characters).
- ▶ One-click 320 character messages when required (concatenation).

For example: you could upload a spreadsheet list with data for all in arrears renters containing <firstName>, <custom1> (property address) and <custom2> (overdue amount) looking like this: *Hi <firstName>, according to our records, rent on <custom1> is in arrears by <custom2>. Please call Jacqui on 9889 2244 to discuss. L&P Rentals Brighton.* It arrives looking like: (right).

Hello <firstName>. We note that Harrison is absent from school. Please call me today 98765432 to discuss. Thankyou, Megan. BigHill College

Hi Cynthia, according to our records, rent on 11 Smith St is in arrears by \$380. Please call Jacqui on 9889 2244 to discuss. L&P Rentals Brighton

Textit Messaging is very flexible. Send to individual/s or groups in your address book - or Excel lists. You don't need an IT degree to send textit messages. Textit is **EASY** to use. Free unlimited support, advice and training included.

Additional benefits of using textit SMS Business Solutions.

Textit will save you time and money. With textit, you can send to multiple recipients at once. One-click to automatically / dynamically populate all messages with individual name (as listed in your address book). All replies come into the textit web console (ie. your computer), in real time. Login to textit (all internet browsers are compatible) at the start of the day; logout and close it when your day has ended - just as you do an email program.

There is a working 'demo' on our website - please visit and look around. You can send and receive SMS and see how textit Messaging really works. If you would prefer to have a guided tour, call or email.

Arrange a demonstration and see for yourself - it takes less than 10 minutes.

For the record: textit offers post-pay accounts, free and unlimited message history, you get your own single account two-way number, facilities for uploading spreadsheets/lists, an address book that allows you to group and order contacts however it suits you, you can set your own console preferences, and you can create new profiles for additional console users whenever required. Multiple and concurrent console users are OK and free.

All textit products come with unlimited free support and no lengthy contracts.

EMERGENCY RESPONSE TEAM:
There has been an incident in Pit 3. Proceed with caution - access road suspected unstable. Report ASAP.

Hi <firstName>. There is a meeting for all Flight Crew at 1600 on Monday 19 Nov, 2007. Crew Room #3. Please be on time. See you there. Pamela. AirAlways

Our prices are fair. Our products brilliant. Our service outstanding. Premier SMS Services made affordable.
